Volume 17		December 2010	Number 2
S.No.	Title of Contents and Authors	Page No.	
	Parasitology		
1.	Mange in the camelids: a review M.B. Chhabra and T.K. Gahlot	131-138	
2.	Prevalence of <i>Linguatula serrata</i> nymphs in one-humped camel in southeast of Iran M.H. Radfar, S. Fathi, H. Asgary Nezhad and E. Norouzi Asl	139-142	
3.	Prevalence, clinico-pathology and biology of <i>Cephalopina titillator</i> infestation in camels (<i>Camelus dromedarius</i>) in the arid region of northeastern, Nigeria A.W. Mbaya, H.A. Kumshe, P.A. Shingu and H.A. Gambo	143-146	
4.	Studies on seasonal prevalence and clinico-pathology of gastro-intestinal helminths of camel (<i>Camelus dromedarius</i>) in Iran with special reference to nematodirinae nematodes N. Moghaddar, A. Oryan, S. Gorjipour and M.A. Akbari	147-150	
	Anatomy		
5.	Histochemistry of nictitans glands of the one humped camel A.A. Mohammadpour	151-153	
6.	Mucosal-associated lymphoid tissue of oesophagus and stomach of bactrian camel (<i>Camelus bactrianus</i>) Liu Lei, Zhaxi Yin-pai and Wang Wen-hui	155-160	
7.	The arterial vascularisation of septum interventriculare in bactrian camel (<i>Camelus bactrianus</i>) Guoqiang Yuan, Yuanqing Xu, Chun Yang, Zhongtian Bai, Jibin He, Baoping Shao, Shanting Zhao and Jianlin Wang	161-166	
8.	Topographic anatomy, blood supply and nerve supply of the extrinsic muscles of the eye ball in camel (<i>Camelus dromedarius</i>) R.K. Jain, Pawan Kumar and A.D. Singh	167-171	
	Production		
9.	Antioxidants role of camel milk in streptozotocin-diabetic rats Khalid S. Al-Numair, Govindasamy Chandramohan and Mohammed A. Alsaif	173-180	
10.	Effect of coagulants on preparation of camel milk paneer Gorakh Mal, C. Bhakat, D. Suchitra Sena and K.M.L. Pathak	181-184	
11.	Effect of draught on speed, power output and physiological responses of camels (<i>Camelus dromedarius</i>) Lokesh Gupta, G.S. Tiwari, Rajeev Garg and V.D. Mudgal	185-188	
12.	Ethanol stability of alxa bactrian camel milk Dian-bo Zhao, Yan-hong Bai, JiRiMuTU and He-ping Zhang	189-193	
13.	Milk production potential as affected by parity and age in the kohi dromedary camel A. Raziq, M. Younas, M.S. Khan and A. Iqbal	195-198	
14.	Work performance of dromedary camels on multipurpose tool carrier A.K. Roy and G.S. Tiwari	199-200	
15.	Camel market channels in the Jaisalmer district of Rajasthan, India B. Faye, C. Bénard, I. Köhler-Rollefson and J.P. Boutonnet	201-205	
	Surgery		
16.	Fracture of accessory carpal bone in a camel: a case report T.K. Gahlot, J.A. Quazi, K. Kachwaha and M.C. Parashar	207-208	

CONTENTS		
Volume 17	December 2010	Number 2
S.No.	Title of Contents and Authors	Page No.
17.	Surgical management of hypospadias in a new born camel calf Prem Singh, S.K. Chawla and R.K. Chandolia	209-210
18.	Reproduction Cryopreservation of dromedary camel semen supplemented with a-Amylase enzyme K.A. El-Bahrawy	211-216
19.	Effect of extenders on motility and viability of chilled-stored camel spermatozoa (<i>Camelus dromedarius</i>) M.M. Waheed, I.M. Ghoneim, M.M. Al-Ekna and A.K. Al-haider	217-220
20.	Infectious Diseases A regional outbreak of contagious camel echtyma in Iran T. Taghipour Bazargani, D. Nikjou, A. Tafty, H. R.Varshovi and A. Niasari-Naslaji	221-224
21.	Cutaneous alternariosis in dromedary camel F.C. Tuteja, S.K. Ghorui and S.D. Narnaware	225-228
22.	Epidemiological investigation of brucellosis in one humped camels (<i>Camelus dromedarius</i>) in lake chad area of borno state, Nigeria M.A. Sadiq, I. Ajogi, J.O.O. Bale, F.B. Mosimabale, A.N. Tijjani, M.S. Auwal, A.R. Mustapha and A.C. Kudi	229-234
23.	Physiology Effects of hydration status on osmolality and minerals profile of serum and forestomach liquor in dromedary camel (<i>Camelus dromedarius</i>) K. Abdoun, A. Alameen, W. Elmagbol, T. Makkawi and A. Al-Haidary	235-240
24.	A comparative study on serum vitamin K ₁ , A and E levels in camels (<i>Camelus dromedarius</i>) and other animals A.M. Homeida, M.F. Hussein, R.S. AL-Jumaah, A.I. AL-Haidary, M.A. AL-Shaikh, I. Albokhadaim and A. Gar elnabi	241-244
25.	Some aspects of thermo-regulation in water deprived camels under the semi-arid conditions of the north-western coastal desert in Egypt Wissam T. El-Zeiny	245-256
26.	Pharmacology The Pharmacokinetics and disposition of ibuprofen in the camel I.A. Wasfi, M. Elghazali, F.M. Eltayeb and A.A. Abdel Hadi	257-262
27.	Nutrition Trace elements level in camels (<i>Camelus dromedarius</i>) of western Sudan (Kordofan state) H.A. Elrayah, M.E.S. Barri and Samia H. Abdelrahman	263-267
28.	Effect of energy supplement fed moth straw based diets on nutrient intake and utilisation in draught camels J.L. Chaudhary and G.S. Tiwari	269-272
29.	News	138, 273
30.	Author and Subject Index	274-278
31.	Instructions to Contributors	279-280
