

## CONTENTS

Volume 30 April 2023 Number 1

**S.No. Title of Contents and Authors Page No.**

1.	Review of parasitic infections of Bactrian camels in Mongolia Tserendorj Munkhjargal, Boldbaatar Chinchuluun, Sukhbaatar Lkhagvatseren, Sambuu Gantuya, Gonchigoo Battsetseg, Zayat Batsukh and Rolf K. Schuster	1-8
2.	MVA-based vaccine efficacies on the immune response and seroprevalence of MERS-CoV: A systematic review Ahmed Alsaleem and Mahmoud Kandeel	9-17
3.	Superovulation in camel: state of the art Amir Niasari-Naslaji and Darab Nikjou	19-24
4.	Revisiting methanogenesis in camel-A review A. Sahoo	25-36
5.	Liquid chromatography tandem mass spectrometry method for the quantification, pharmacokinetics and pharmacodynamics of triamcinolone acetonide and hydrocortisone in camel plasma Majed Saeed Nassar, Sayed Wajid, Nawal Alkathheeri and Ibrahim A. Wasfi	37-44
6.	The pharmacokinetics and pharmacodynamics of betamethasone (phosphate and dipropionate) in camels Majed Saeed Nassar, Sayed Wajid, Nawal Alkathheeri and Ibrahim A. Wasfi	45-51
7.	Chromatographic purification of proteins with cytotoxic potential from camel milk whey against cervical cancer cell line Neelam Mahala, Aastha Mittal, Manohar Lal and Uma S. Dubey	53-61
8.	An abattoir study of pulmonary lesions in adult camels ( <i>Camelus dromedarius</i> ) from eastern region of Saudi Arabia S.E.M. Barakat and F.M. ALkhoofi	63-67
9.	Diagnosis of rare cases of cutaneous histoplasmosis in dromedary camel in India V.S. Dewal, F.C. Tuteja, A.P. Singh, A. Chahar, J.P. Kachhawa and Tanuja Parmar	69-72
10.	Effect of tanniferous tree leaves in camel's diet on milk yield and quality Subhita Kumari, Sanjita Sharma, Artbandu Sahoo, RK Sawal, Navav Singh and Akshay Ahari	73-79
11.	Manufacture and characterisation of fresh cheese made from mixed milk of camel and goat Biya Bouras, Ouarda Aïssaoui-Zitoun, Férial-Aziza Benyahia, Fairouz Djeghim, Souhila Djema and Mohammed Nassereddine Zidoune	81-90
12.	Molecular characterisation of diacylglycerol O-acyltransferase (dgat1) gene in dromedary camels ( <i>Camelus dromedarius</i> ) Anil Harsh, Urmila Pannu, Ved Prakash, Anita Tanwar, Basanti Jyotsana and Hitesh Purohit	91-95
13.	Serological diagnosis of <i>Parabronema skrjabini</i> infection using a recombinant antigen in Bactrian camels Xindi Chen, Chenchen Feng, Jinling Wang, Yu Wang, Tengyu Wang, Chunxia Liu and Wenlong Wang	97-103
14.	Studies on some biochemical constituents of follicular and oviductal fluid in dromedary camel ( <i>Camelus dromedarius</i> ) SeungBum Hong and Nisar Ahmad Wani	105-112

## CONTENTS

Volume 30

April 2023

Number 1

S.No.	Title of Contents and Authors	Page No.
15.	Ultrasonographic assessment of follicular size to reduce the age of first service in the dromedary heifers Sumant Vyas, Rajesh Kumar Sawal, Mohammed Matin Ansari <sup>1</sup> , Kashi Nath, Subroto Vyas and Govind Narayan Purohit	113-118
16.	Ultrastructural and morphometric studies on the pelvic urethral gland of the one-humped camel ( <i>Camelus dromedarius</i> ) Shaaeldin Sara A.H., Tingari M.D. and Ismail H.I.	119-124
17.	Prosthodontic application of acrylic polymer as diastema filler for management of buccal fistula in camels Ruchi Patwa, P. Bishnoi , A.K. Bishnoi, Shivangi Diwedi, Narendra Singh, Komal Galgat, Bhavna Salvi and Ramakishan	125-130
18.	Use of dexmedetomidine as sedative in male dromedary camels ( <i>Camelus dromedarius</i> ) K. Nath, P. Bishnoi, S. Palecha and S.D. Narnawre	131-137
19.	News	138
20.	Instructions to Contributors	139-141
