

CONTENTS

Volume 32

December 2025

Number 3

S.No.	Title of Contents and Authors	Page No.
1.	Electrocardiographic measurements in the camel (<i>Camelus dromedarius</i>) Howarth FC, Tinson A, Baniyas SM, Alderei MH, Aldhaheiri DH, Adeghate E, Dobrzynski H and Jacobson M	209-214
2.	Haematological variations before and after blood transfusion in Arabian racing camels (<i>Camelus dromedarius</i>) Medhat A. El Shemy and Haytham G. Aamer	215-220
3.	Application of Bactrian camel derived nanobodies in the detection of foodborne pathogens Na Su, Li Yi, Jing He, Liang Ming, Rendalai Si, Tuyatsetseg Jambal and Rimutu Ji	221-228
4.	First phenotypic characterisation of local dromedary camel ecotype in el oued region, southeast Algeria Maria Chikha, Fahima Neffar, Aicha Mouane, Safia BEN AMOR, Nacira Ramdani and Tennah safia	229-236
5.	Gross and microscopic hepatic lesions of dromedary camels slaughtered in eastern province of Kingdom of Saudi Arabia S.E.M. Barakat, F.A. Al Hizab and Adel Al-Afaleq	237-243
6.	ncRNAs regulation of salt and drought resistance in camels Zhaohui Xie, Wuke Sun, Liwen Zhu and Huihui Chang	245-251
7.	Target-centric approaches for camel milk adulteration detection: a review of protein, metabolite and gene based analytical strategies Qin Na, Letian Kang, Na Su, Liang Ming, Li Yi, Jing He, Rendalai Si, Tuyatsetseg Jambal and Rimutu Ji	253-264
8.	The role of acute-phase proteins as biomarkers for health and disease in camels: a comprehensive review Nawal Mohamed Elkhair, Marwa-Babiker A.M., Albokhadaim I.F., Alhojaily S.M., Shousha S.A., Alameen A.O., Almofti Y.A., Ghada M. and Kandeel M.	265-280
9.	Assessment of camel feed resources: woody species stand structure, species richness and diversity in tsabong ecotourism camel park, South-western Botswana Demel Teketay, Witness Mojeremane, Eyassu Seifu, Mpho Kennedy, Kamogelo Makgobota, Wame Boitumelo, Othusitse Madibela, Ayana Angassa and Motlapele Tselaesele	281-291
10.	My Journey to Camel Science: from foundational field work to highly specialised molecular research Abdelmalik Khalafalla	293-299
11.	My Journey to Camel Science from Cambridge to Dubai Julian A (Lulu) Skidmore	301-308
12.	My Journey to Camel Science as a Parasitologist in CVRL, Dubai Rolf Karl Schuster and Saritha Sivakumar	309-315
13.	Proceeding of Second CVRL Dromedary Scientific Symposium (Papers of S.No. 13, 14) (The paper entitled, "Rift Valley Fever - a neglected pathogenic virus of Camelidae" by U. Wernery was published in Journal of Camel Practice and Research Vol 32 No 2, p 93-98. DOI : 10.5958/2277-8934.2025.00015.1 and presented in the symposium) Joint injections in camels: a review Jessica Johnson	317-321

14.	Fracture management in the racing camel Cedric C-H. Chan	323-324
15.	Seroepidemiological studies for the detection of antibodies of six infectious diseases in Kenyan dromedary camels U. Wernery, N. Paily, P. Simpkin, A. Perret, J. Perret, H. Cran, S. Raja and R. Raghavan	325-328
16.	News	321, 322
17.	Author and Subject Index	329-332
18.	Instructions to Contributors	333-338
